## Subject: Public Notice in Re Global Settlement Foundation

Dear Mr. President:

Enclosed is the public notice of the Global Settlement Foundation (GSF) and the Global Isles Court of Record to all Heads of State regarding certain lawful claim of right to a deliverable, voluntary gold standard.

We trust that the government led by a celebrated man of peace such as yourself need have no objection to a deliverable, voluntary gold standard operating alongside existing systems.

The use of a deliverable, voluntary gold standard, an unalienable right of the American people, we believe, will rapidly transform idle speculation, to market driven prosperity. In so doing, your government will win freedom for the people of the world - the men and women of the land. Rather than hoping for change, such true freedom is secured by lawful, deliverable money, voluntary contracts, common law and courts of record. This is in contrast to those who attempt to arbitrate large 'settlements' by abusing the power of the State. We would like to see true *finality of settlement* put an end to this state of war that has been ongoing since perhaps the civil war.

We are aware of how the Declaration of Independence restored the people of the land known as America to their natural and inherent common law state of being free men and women on the land. It was possible then, to step onto American soil, say 'I am free' and resume one's natural and unalienable rights - the natural state of freedom from subjugation by any other party - a 'naturalized' American. There is no inherent value in the much touted system of identification, culminating in Americans and their visitors being treated as cattle.

It is our view that a simultaneous opening of the borders dividing America from the rest of the world would usher in an era of peace and prosperity worldwide.

I look forward to your response. As is the custom, we will treat a non-response within 30 days from receipt of this letter as your agreement to the introduction of a deliverable, voluntary gold standard.

Yours faithfully,

*Joseph Ray Sundarsson*
